Welcome to a new school year. There will be many changes and many uncertainties as we move forward. Most of the decisions being made are done so after guidance from state and national recommendations. Currently, we are in Phase II – awaiting new governor remarks on Friday, August 7th. So below, you will find our current plan for Homer High School students to receive your ChromeBook for virtual learning. Our first few days will be divided according to grades. We will have sessions set up for students and a parent/guardian to meet and learn how to log in to the google classroom platform and to sign the ChromeBook contracts. You will NOT be allowed to take the ChromeBook if you AND a parent are not present to sign for it. We will also be discussing the options at that time of virtual school and limited face to face instruction with teachers in classrooms (again determined by the Phase we are in at that time).

Please make arrangements for you and a parent/guardian to be present at the times below to receive your ChromeBook and to receive instructions as to gaining access to the teacher's classrooms through the google platform. **No high school students are to ride the bus to the school on these days.** You will need to come to school with a parent/guardian. You will be taken to the auditorium and spaced according to social distancing guidelines. Please make sure you have a mask as you enter the building as required by state mandate to all public buildings. There will be chairs marked for you and a parent to sit in as we disperse the ChromeBooks and provide guidance in accessing classrooms through the google platform.

Once transportation issues have been lined out after transporting the K-8 students to campus, a determination will be made as to whether or not Homer High School will continue on a completely virtual track or if we will implement a staggered schedule to allow for half our students to attend classes face to face on a temporary improvised schedule. I will have more details to share on that when we meet face to face on the above dates.

If you have any questions regarding the assigned times, please call the office. No ChromeBooks will be issued before August 6, 2020, and no ChromeBooks will be issued without a parent AND student signature.
